DATE OF ISSUE: April 2018

ISSUED TO MEET THE REQUIREMENTS OF REGULATION (EC) 1907/2006: ARTICLE 31

SECTION 1: Identification of the substance and of the company/undertaking

Product Identifier: MID-64CE, MID-641, MID-643, MID-65CE
Product Use: A bacterial identification system for Enterobacteriaceae and an extensive range of oxidase positive Gram negative Bacilli.
Manufacturer’s Name: Microgen Bioproducts Limited
Manufacturer’s Address: Unit 1, Watchmoor Point, Camberley, Surrey, GU15 3AD, UK
Postal Code: GU 15 3AD
Emergency Telephone: +44(0)1276 600081
Fax: +44 (0) 1276600151
Hours of Operation: 09:00 -17:00 GMT
Email: customerservice.camberley@lab21.com

SECTION: 2 Hazards Identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008:
Not hazardous.

Classification according to Directive 67/548/EEC or Directive 1999/45/EC:
Not hazardous

Information concerning particular hazards for human and environment:
No additional information available

Other hazards that do not result in classification: Not applicable
2.2 Labelling according to Regulation (EC) No 1272/2008:

No labelling is required

SECTION 3: Composition/Information on Ingredients

SECTION 4: First aid measures

- **Eye contact** – Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician

- **Skin contact** – Wash off with soap and plenty of water. Consult a physician

- **Ingestion** – Clean mouth with water and drink plenty of water. Do not induce vomiting.

- **Inhalation** – Move fresh air.

- **Equipment to be available at the workplace for specific and immediate treatment:** Eye – washing and skin – washing facilities
SECTION 5: Fire-fighting measures

5.1 Extinguishing media

Substance is non-flammable; use agent most appropriate to extinguish surrounding fire.

5.2 Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapours.

5.3. Advice for firefighters

Wear self-contained breathing apparatus for firefighting if necessary.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Use personal protective equipment. Avoid contact with skin, eyes and clothing.

6.2. Environmental precautions:

Prevent further leakage or spillage if safe to do so.

6.3. Methods and material for containment and cleaning up:

Soak up with inert absorbent material. Clean contaminated surface thoroughly.

SECTION 7: Handling and storage

7.1. Handling

Invitro diagnostic reagent. Handle as potentially infectious. Read the Instructions for Use. Always follow Good Laboratory Practice when using this product. Avoid contact with eyes, skin and clothing.

7.2. Storage

Keep container tightly closed in a dry and well-ventilated place. Keep at temperatures Between 2 -8°C

SECTION 8: Exposure controls/personal protection

8.1. Exposure Limit Values
The product does not contain any hazardous materials with occupational Exposure limits established.

8.2. Exposure Controls

8.2.1. Occupational

| Respiratory | Respiratory protection is not required under normal and intended conditions of use. |
| Hands       | protective gloves |
| Eyes        | Safety glasses with shields recommended to EN 166 |
| Body        | Laboratory coat |

SECTION 9: Physical and Chemical Properities

Physical state: Solid

10. Stability and Reactivity

10.1. Stability: Stable under recommended storage conditions. Do not use after stated expiry date. Store at 2-8 °C

10.2. Materials/Conditions to avoid: Excess heat

10.3. Incompatible Materials: Acids, Strong oxidizing agents

10.4. Hazardous decomposition products: none under normal use conditions.

SECTION 11: Toxicological Information

11.1. Acute toxicity: No data available

11.2. Sensitisation – skin: No data available

11.3. Serious Eye damage/Irritation: No data available

SECTION 12: Ecological Information:

- Toxicity : contains no substances known to be hazardous to the environment.
- Persistence and degradability: No data available
Type: Safety Data Sheet

Title: MID-64 CE,MID-641,MID-643 MID 65CE Microgen GNA +B ID Panel

- Bio accumulative potential: does not bio accumulate
- Mobility in soil: Spillage unlikely to penetrate soil.
- Results of PBT and vPvB assessment
  - PBT: No data available
  - VPvB: No data available.
- Other adverse effects: None Known

SECTION 13: Disposal Considerations

Dispose of according to any local, national or regional regulations.

SECTION 14: Transport Information

UN Number                     Not regulated
Proper shipping name  Not regulated
Class                              Not regulated
Packing Group                  Not regulated

SECTION 15: Regulatory Information

Health, safety or environmental information is not required on the label (according to Regulation (EC) No 1272/2008)

SECTION 16: Other Information

16.1. Recommended restrictions on use:

This product is intended to be used for laboratory use only by technical staff trained in microbiological techniques. Classification and labelling have been performed according to CLP Regulations.

Read the Instructions for Use for further information on limitations of use.

16.2. Sources of information used to compile this sheet

16.3. Changes from previous version

Replaces previous MSDS for MID-61CE,MID-641, MID 65CE Microgen GNA +B ID Panel, Sep 2017.

Inclusion of MID643 to the document, as it belongs to the same MID64 group.

All sections: updated format and details according to REACH GUIDELINES Annex-II and CLP.

The above information is based on data available and is believed to be correct. Since the information may be applied under conditions beyond our control and with which we may be unfamiliar, we do not assume any responsibility for the results of its use and all persons receiving it shall make their own determinations of the effects, properties and protections which pertain to their particular conditions.

No representation, warranty or guarantee, expressed or implied (including a warranty of fitness or merchantability for a particular purpose), is made with respect to the material, the accuracy of this information, the results to be obtained from the use thereof, or the hazards connected with the use of the material. Caution should be used in the handling and use of the material.
